PROJECTS

CleanConnect

MERN | Jan 2024 - Feb 2024

- CleanConnect is a comprehensive MERN stack application designed to alter the way cleaning services are accessed and managed. The platform serves as a seamless bridge between users seeking reliable cleaning services and professional cleaners looking for job opportunities.

- Inspired by the personal experience faced by me, when i ran a resort and encountered difficulties in securing timely and dependable cleaning assistance, CleanConnect aims to bridge the gap between hospitality businesses and cleaning service providers.
